MAIN REPORT

The city has contracted with Morton for the road salt this year. The city can purchase and pick up at any time, rather than having to accept a delivery immediately.

Charter sent the wrong kind of technician for the walk way project. The workman who was there was notifying his supervisor of exactly what the job is.

Chipping will resume October 5th.

The city is still accepting applications for an additional code enforcer.

Douz Zaiz attended the MIRMA conference in Branson.

Respectfully submitted,

GENERAL DISCUSSION

Alderman Martin reports there is some improvement on the problem property on Edmundson Road. A home in the 9700 Block of Corregidor has a dryer on the carport, and a home in the 9800 Block of Corregifor has a refridgerator on the carport.

This concluded general discussion, meeting adjourned.

City Clerk
