## MAIN REPORT

Hardware upgrades to the phone and computer systems are still moving along. ATT provided the required information for Mitel to start taking over.

The city is in process on selecting a surveillance system for the new community center.

Signs, etc attempted to install the new matching signs but the ground was too frozen. This includes the Park, the Town Hall and the welcome sign at Woodson and Natural Bridge.

Preliminary work is being done on the ADA Sidewalk plan.

Respectfully submitted,

---
