City Administrator Doug Zaiz reported the following:

MAIN REPORT

The chipper is repaired and stowed away until October. Chipping will resume on Thursdays at that time.

Public Works will continue to fog for mosquitos until they run out of product.

The back wall at City Hall is in the process of being repaired. It is ready to be sealed and painted.

Doug Hill is doing a really good job with Code enforcement. OHM is finally doing something with their properties after the Prosecutor said she would revoke business license if they didn't show some good faith. This would mean they couldn't collect rent on the properties that still have tenants.

Pam Meyer has told the City she will not be back. The City has met with and decided to promote Jennifer Weber to run the pool. We are hoping some other long time employees will return, as well.

With nothing further, the meeting adjourned at 6:54pm.
