City Administrator Doug Zaiz shared the following:

MAIN REPORT

The City is researching informational plaques for the new trees bought with the TRIM grant. The water bags are working really well for watering.

When we take the chipper out of commission in June we will replace the motor.

The fogger motor is being replaced, also. Once that is finished, we will schedule fogging.

Public Works has the pool and park ready to go. There is still some minor electrical work with the pool but it won't effect operations.

Alderman Willey stated she went to the park and it looked really beautiful. She took some pictures because it was so nice.

Alderman Welby asked if we had staffing issues this year. Doug Zaiz replied that Jen Weber has taken over, and is fully staffed.

With nothing further, the meeting adjourned at 6:50pm.
