The following items were discussed.

MAIN REPORT

City Administrator Doug Zaiz reported that after the crack sealing, areas that need major repairs will be addressed. We are preparing bid packets for this.

The pool is leaking, they believe from a valve/ gasket. The pool also needs to be sandblasted and painted.

Alderman Willey asked if the cars still need to be removed from the streets in light of incoming weather. Doug Zaiz explained that the Mayor needs to call a Weather emergency. Typically, this is when 2 inches or more is expected to fall.

When salting for ice, cars don't get in the way as much. When the plows run, they have to maintain a certain speed to work effectively.

Alderman McCabe shared that he sees a difference in the streets, and is impressed with the employees dedication to making things better.

With nothing further, the meeting adjourned at 6:50pm.
